

## AnoSkybox™

Create 3-sided and 4-sided displays without breaking your budget. AnoSkybox assembles in minutes without any tools, saving you money on installation. Frames are top-loading for easy graphic changing.

### An economical way to create 3-D displays

- No tools necessary – assembles in minutes
- Top-loading frames for simple graphic changing
- Cut to your exact specifications
- 3-sided and 4-sided display possibilities
- Dramatic and affordable

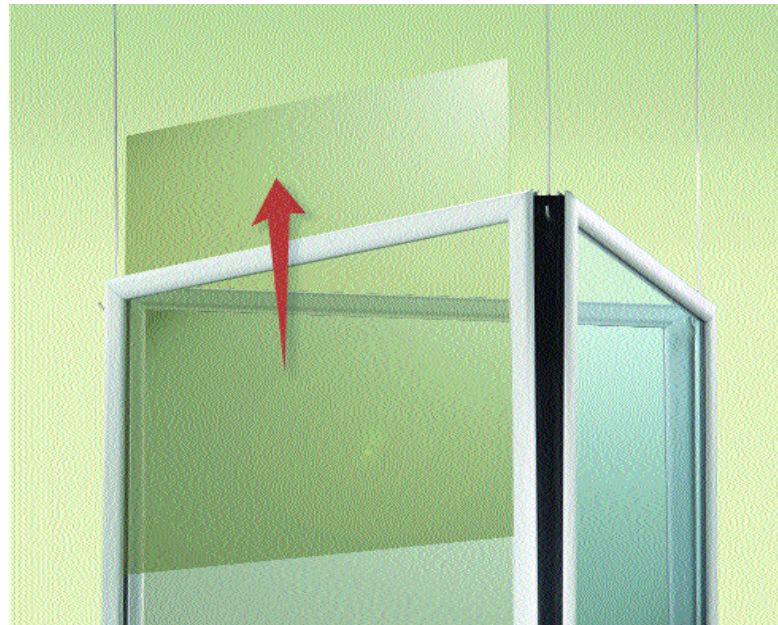

**12AS100R**  
black anodized  
aluminum  
round profile

**12AS100R**  
clear anodized  
aluminum  
round profile

Perfect for smaller three-dimensional ceiling hung displays.

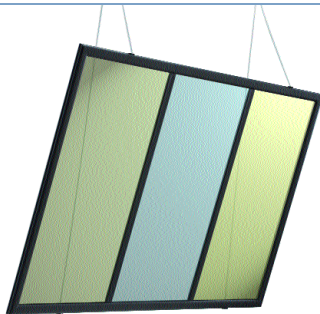

The rigid spine helps the AnoSkyBox hold its shape.

Frames top-load so you don't have to disassemble your display to change graphics.
